

HELPING TO KEEP YOU  
COOL AND DRY

## COOL & DRY TECHNOLOGY

Hydrofix is an innovative hydrophilic finish that increases the fabric's ability to rapidly absorb moisture, which can give rise to a pleasant cool sensation while sleeping as any moisture on your body is wicked away by the fabric instead of evaporating on your skin.

### Hydrofix Highlights

- ✓ Bluesign and REACH Approved
- ✓ Permanent Moisture Wicking Properties
- ✓ Improves Soil-Release Properties
- ✓ Keeps you Dry
- ✓ Washable

## COOL & DRY TECHNOLOGY

Our Hydrofix also enhances the comfort and durability of the bedding product. The increased absorbency has the additional benefits of helping the mattress stay cleaner for longer as well as reducing static resistance on the surface of the fabric.
